Hi Mark,

Did you receive clearance to distribute? I've attached the PDF that will be distributed.

Thanks,

Scott

Scott,

My slides are still under review for clearance. However here is what I sent them. I am not sure how this webinar will go. However I wanted to be sure you had place holder slides for me. I will let you know if there are any changes before I present. It is pretty much what you saw when I was in R4 with some updates.

Mark

Subject: State Meeting-Final Agenda

Good morning,

Attached is the final agenda for our upcoming State Meeting. We are looking forward to seeing all of you in Athens October 17th-18th! If you could please send me a list of attendees from your agency by Friday October 13th, it will assist in making sure we have the appropriate accommodations. Call in information for those who wish to attend remotely is listed on the agenda.

Currently we have three states that have agreed to participate in the Discussion Panel for the New MDL Procedure. If anyone who has not already volunteered would like to serve on the panel, let me know. The intent of the panel is to discuss what progress is being made throughout the region with implementation of the new requirements including any successes or obstacles encountered.

For those who may not have visited SEDS previously, some logistical information is listed below:

Our address: 980 College Station Road
Athens, GA 30605

1. Security: Please enter on the right side of the gate. Everyone will need either a driver's license or work ID. The guards will check under your vehicle with mirrors and ask to look in the trunk. Don't be alarmed! This is standard procedure for visitors.
2. Parking: Limited parking is provided for visitors in front of the building. Additional parking can be found in the rear of the building.
3. Snacks: We will provide coffee and some light snacks. We have a break room with vending machines for cokes and candy, etc.

Thanks,

Stacie Masters
